# Same Show, Same Time, New Brand

## - Revealing WATERTECH CHINA: Excellence Marches On

**WATERTECH CHINA**, formerly known as a leading Dutch brand, has rebranded itself in a strategic partnership with **Informa Markets** to further distinguish and enhance its position in the international water technology sector. The **16th** edition is set to continue at the **NECC Shanghai** from **June 3-5, 2024**, maintaining its legacy of success with thousands of exhibitors and millions of visitors. This collaboration aims to bolster the trade fair's leading status and contribute significantly to the industry's development.

We are looking forward to see you again on **June 3-5** , at the world leading sourcing platform of water industry in Shanghai China.
